

Aditya Verma

B.Tech, Information Technology - Year 1

demo.student05@nsut.ac.in

SYNTHETIC STAGING DEMO - NOT AN OFFICIAL RECORD

RESEARCH FOCUS

Knowledge graphs, information retrieval, data quality, and research tooling

SKILLS

- Python, SQL, RDF fundamentals
- Data validation and documentation
- Frontend prototyping with TypeScript

SELECTED LEARNING PROJECTS

Bilingual retrieval prototype

Built a small retrieval experiment comparing token and embedding search across Hindi and English abstracts.

Dataset provenance card

Designed a structured data card recording origin, licence, transformations, and known limitations.

Availability

8 hours per week during the prototype review period
